1. Name of Post: Project Scientist

Total number: 5 (1 for Forestry, 1 for Wetland & Ecology, 1 for Agriculture and 2 for Fisheries)

Essential Qualification:

1st Class Master Degree in Remote Sensing & Geoinformatics
Agricultural Science (with specialization in Agronomy or Soil Science/Geography with specialization in Remote Sensing & Geo-informatics/ Botany with specialization in Taxonomy or Ecology or Forestry with specialization in Silviculture/ Zoology with specialization in Fish Biology & Fishery Science or equivalent.

Desirable:

Relevant experience in application of remote sensing and GIS with knowledge of Remote Sensing/Geo-informatics/GPS/UAV.

Preference will be given to those candidates having relevant working experience.

Maximum Age (as on 1st January, 2023): 35 Years

Remuneration:

Rs. 30,000 + Employer's part of the CPF Contribution per month

Brief description of work to be done:

Digital image processing, digitization and data processing / integration in GIS platform, Identification and Mapping of Degraded and Encroached areas of forests of Assam using satellite based remote sensing images with occasional field work, Mapping of wetlands of Assam, Application of Space Technology for Agricultural Assessment in NE Region.

2. Name of Post: Project Scientist (IT Specialist)

Total number: 3 (1 for Fisheries, 1 for Wetland & Ecology, 1 for Crime area Mapping.)

Essential Qualification:

MSc / M.E. / M.Tech in Remote Sensing / Remote Sensing and GIS / Geoinformatics/Computer Science / Information Technology or Equivalent

OR

B.E. / B.Tech in Computer Science and Engineering / Information Technology / Geoinformatics / Geomatics or equivalent"

Desirable:

Relevant experience in the field of Web GIS Development with the following Skill sets:

Knowledge on OGC complied services handling, API handling, Python, JavaScript, Html, CSS with proficiency in Apache web server configuration, Open layers, Geoserver/Mapserver, Leaflet,

Postgre SQL database and ArcGIS arcade etc.

Preference will be given to those candidates having working experience in ArcGIS Enterprise.

Maximum Age (as on 1st January, 2023): 35 Years

Remuneration:

Rs. 30,000 + Employer's part of the CPF Contribution per month

Brief description of work to be done:

Development of Mobile app, Customized Web portal and Dashboard application

3. Name of Post: GIS Assistant

Total number: 2 (For Fishery Project)

Essential Qualification:

Graduate/Diploma in Remote Sensing/Geo-informatics or equivalent.

Desirable:

Relevant experience in the field of application of Remote Sensing and Geo-informatics, map and data handling.

Preference will be given to those candidates having relevant working experience

Maximum Age (as on 1st January, 2023): 35 Years

Remuneration:

Rs. 20,000 + Employer's part of the CPF Contribution per month.

Brief description of work to be done:

Image Geo - Rectification/Registration and Digitization

Registration will be started at 10:00 a.m. and closed at 11:00 a.m. on the date specified for interview. No Application shall be accepted beyond that period.
